

ECOSCOPE  
routing the microcosmos

## Upcoming **R** workshops

**Intro to R • Jan 22 - 26**

Base R data structures, functions, & graphics

No prior experience necessary!

**Statistical models • Feb 5 - 9**

Linear regression, ANOVA, ANCOVA, & mixed effects

**Advanced Intro to R • Mar 19 - 23**

RStudio data structures, ggplot graphics,  
& dplyr data manipulation

Intro R, EDUCE course, or equivalent required.

**R for researchers • June 11 - 15**

RStudio data structures, dplyr data manipulation, &  
reproducible research with GitHub

No prior experience necessary!

**Graphics with ggplot • TBD**

In-depth use of ggplot to produce production quality figures

**Working with data • TBD**

In-depth use of dplyr and tidyr to manipulate tabular data
